## GLADIOLUS SPECIALISTS

E. M. LANDER, Mgr.

GREAT HEART

29 Palm Street

Springfield, Mass.

We have tried to list here only those varieties which have been found to give satisfaction. All prices are for large healthy bulbs that should give fine spikes the first year. If larger quantities are wanted or smaller sizes or bulblets we would be glad to quote prices on your complete list. If you do not find what you want listed write us as we can supply many kinds not listed.

Extreme care is exercised to keep our stock 100% true to name, but should any prove unsatisfactory for any reason purchase price will be refunded or stock replaced at your option, beyond this we disclaim liability, but we shall endeavor to merit your confidence.

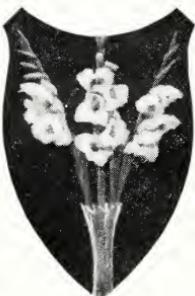

No substitutions will be made without your request therefor.

### NEW SEEDLINGS

#### **Julie Montgomery →**

— A fine flesh pink prim type tall willowy spikes, fine for florists work, will be good commercial, good increaser. **Large bulbs**

**\$2 each**

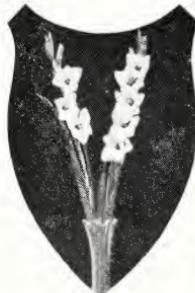

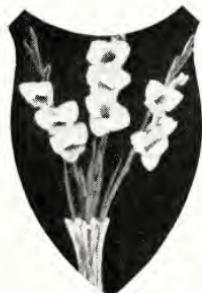

**Sunbeam**—An extremely brilliant rosy salmon blending to yellow in throat up to 6 wide open 4½ to 5 inch flowers open at once, husky growth but not as tall as some likes water at flowering time. **Large bulbs**

**\$15 each**

← **Erline**—A very striking deep lavender, orchid prim type, fine willowy spikes. Sure to please. Stock very limited.

**Large bulbs \$15 each**

**White Plume →**  
A pure white prim, very tall slender spikes 6 to 7 open at a time. **Large bulbs \$2 each.**

**NOTE** These cuts are made from poor snapshots to give an idea of type of flower but don't do justice to the spikes.

**Terms:** Cash before delivery. Postage prepaid.

One dozen any variety at 10 times the each price.

**Discounts:** Your choice in bulbs amounting to 10% on orders \$10 to \$25. 15% \$25 to \$50. On larger orders write for special quotations.
